DEATHS.—The date of death and age of all citizens, dying during the past two years, whose names have appeared in the Directory, are recorded against the name in the proper alphabetical place in the present book. In the same manner each Directory since 1876 contains a record of those who died the previous year, so that the several volumes of the Directory embrace for this period a mortuary list of great value for reference.

NEWTON HOUSE DIRECTORY

AND

DIRECTORY OF STREETS

EXPLANATION—In the House Directory residences and places of business, designated by their street numbers, are arranged in numerical order upon their respective streets, those upon the right side of a street appearing first, followed by those upon the left side

Names are given against their proper street number, and when a house is not numbered a cipher is substituted for the street number

Boarders are denoted by the abbreviation b, and business men at their place of business are denoted by the street number printed in heavy-faced figures. Names of all others are those of housekeepers

When a person's place of business and residence are at the same place, it is indicated by the use both of heavy-faced figures for the street number and of the abbreviation h at the end of the line

Names of cross streets appear at their place of intersection

STREET NUMBERS—By the system of street numbering adopted by the city all numbered streets are made to begin at their north or east end, and to run toward the south or west. The odd numbers are always upon the right side of a street, and the even numbers upon the left side. The odd numbers are also always upon the north or west side of a street, and the even numbers upon the south or east side

The plans for the street numbers allow 25 feet upon the street for each number, so that distances can be readily computed by them; for instance, No. 105 is one-quarter of a mile from the beginning of the street, 210 is one-half mile, 420 one mile, and other numbers accordingly. On a few business streets only 15 feet are allowed to each number, but this is not done to a sufficient extent to interfere with the substantial accuracy of this method of computing the distance

After the name of a street the word STREET is omitted; the words Waltham, Watertown and Brookline, when referring to towns of those names, are followed by the word LINE; when not followed by the word LINE they are names of streets

*Streets which have not been accepted by the city are indicated by an asterisk

**Streets, a part of which have been accepted and a part remains unaccepted, are ndicated by two asterisks

Centre street, Newton

President—Frank H. Howes

Superintendent—John C. Kennedy

Librarian—Elizabeth P. Thurston

Committee on Building and Grounds—The President, ex-officio, William M. Bullivant, John C. Kennedy

The Library was incorporated in 1871, and was built, furnished, and maintained for five years through the liberal contributions of citizens, a fund of over $65,000, of which the late J. Wiley Edmands contributed $17,000, being formed for the purpose. In March, 1876, the entire property of the Library was given to the City of Newton on condition of its maintenance forever as a Free Library

In the summer of 1886 an appropriation of $23,000, for the enlargement of the Library building, was made by the City Government. By this addition a well-lighted and ventilated stock room, a work room, and a librarian's room were obtained upon the upper floor; and a large reading room for magazines, a janitor's room, and a room for Government publications upon the lower floor. Edmands Hall was rearranged, and a reference department established at the southern end

The Library contains 71,778 volumes, to which additions are constantly made

The circulation for 1908 was 247,470 volumes, or 808 per day

A new Registry of names was begun May 1, 1905, and the number of cards issued to January 1, 1909, was 11,792

A Reading Room, for newspapers and magazines, is maintained, in which may be found the leading periodicals of the day

An annual appropriation of about $23,000 is made by the city for maintaining the library with its seven branches, besides which it has the income from five funds, as follows:—$1,000 given by Alden Speare, the annual proceeds of which are nearly $60, and are to be used in the purchase of works illustrating the manufacturing and mechanical trades; $10,000 a bequest from David B. Jewett, to form an art fund, the income from which now realizes about $500 per year; a bequest of the late Charles A. Read, from which not exceeding $600 yearly can be received; a bequest from John C. Chaffin of $5000, the income to be used for books; and $5,000, given by John S. Farlow, the annual income from which, $300, is to be used for the purchase of books for the Reference Department

NEWTON CEMETERY

NEWTON CEMETERY

(Incorporated 1855)

OFFICERS FOR 1909

President—George Hutchinson
Vice-President—W. P. Tyler
Clerk and Auditor—E. M. Fowle
Treasurer and Superintendent—H. Wilson Ross
Trustees—W. P. Tyler, George Hutchinson, Edwin M. Fowle, Francis Murdock, C. F. Eddy, Frank A. Mason, Charles W. Ross, George M. Fiske

This cemetery contains nearly one hundred acres, about one-half of which is under improvement. Its location is near the territorial centre of the city, and is accessible by excellent roads from every direction. The surface is undulating and sufficiently diversified for natural beauty and artificial embellishment. It is well watered by Cold Spring brook, and only requires reasonable expenditure to carry water to every part sufficient for irrigation and to maintain ponds where nature has provided locations.

A beautiful chapel and conservatory, donated by Mr. John S. Farlow, makes a fitting place for burial services, the fee for use being $10. In the rear of the Chapel is a beautiful lake, adding greatly to the landscape of the cemetery.

The prices for lots are from $1.50 to $3.25 per square foot, perpetual care included. If the monuments are elaborate the rate of perpetual care is higher.

The price of two grave lots is $90 and upwards, including perpetual care. Right to bury in single graves for adults is $20, and the interment fee is $5; and for children under 11 years is $15, and the interment fee is $4.

Receiving tomb. Time limit for use six months.

Deposit, $10.00

If removal is made inside of four months $5 of original deposit will be refunded, if interred in Newton Cemetery.

If removed from cemetery, $10 will be retained.

At expiration of four months a charge of $2.50 per month will be made.

No other expense than the prices above named is necessary, except for tablets and monuments, and the practice of ornamenting with elaborate stone work is discouraged by the trustees as much as possible.

Connected with the cemetery there are greenhouses, where plants and flowers can be purchased for use in the cemetery.

The cars of the Newton and Boston electric railroad pass the gate every twenty minutes. Cars on the Commonwealth Avenue line from Boston, Auburndale and Newtonville pass near the cemetery.
